### Crescent Valley

Crescent Valley is an unincorporated community located along the western border of Eureka County, less than 20 miles south of Interstate 80. The community was developed to provide housing for workers in the area mines and has continued to go throughout the years. With affordable housing, Crescent Valley is the preferred place to live vs busing in from the northern towns. For recreation near town, the dirt hills and ditches on the outskirts of Crescent Valley are the perfect terrain to enjoy dirt biking and ATV riding.

### Eureka County

Located in north central Nevada, Eureka County is one of the least populated counties in the state. The entire county is composed of just three towns, Eureka, Beowawe, and Crescent Valley. With elevations ranging from 4000-10631 feet the air is clean and the views are spectacular. Mild temperatures, along with the surrounding mountains and the Humboldt River, make Eureka County an outdoor playground. The outdoor enthusiast will never lack for activity. Hunting, fishing, hiking, swimming and much more are all readily available.

Purchasing land is an investment and we are here to help you through that process. Government Land Sales, Inc. was started as an alternative investment tool to the traditional stock market, CD's, bonds, etc. Raw land is less susceptible to the ups and downs of the other investment markets. We believ...
